# MENTHOL BAN

## From 20th May 2020,

### It will be ILLEGAL for shops to sell MENTHOL CIGARETTES.

The European Union Revised Tobacco Products Directive (2014/40/EU) makes it an offence for manufacturers to produce menthol cigarettes and for retailers to sell menthol cigarettes from 20th May 2020. The European Union believe that a ban on flavoured tobacco will improve public health by deterring people from smoking.

**The UK's exit from the European Union does not impact the introduction of the menthol cigarettes ban.**

- The ban also applies to capsule, click on, click & roll, crushball or dual menthol cigarettes. The ban does not apply to heated tobacco products or e-cigarette products
- Retailers must have sold through remaining stock of menthol cigarettes by 20th May 2020.

### Menthol cigarettes banned from 20th May 2020

**Retailers must have sold through remaining stock of menthol cigarettes by 20th May 2020.**

### No sell through period

## How to successfully navigate the menthol ban

With the new menthol ban legislation set to come into effect on 20 May, JTI UK's Communications Director Mark Yexley shares his advice on how wholesalers can ensure they're prepared ahead of the deadline

### 1 UNDERSTANDING THE LEGISLATION

Don't wait for the ban to happen, be prepared. As with previous legislation such as the retail display ban, plain packaging and track & trace, those that prepare well will experience the least disruption to their business. Wholesalers should ensure they and their staff are aware of the details surrounding the upcoming legislation and that they have a plan in place to remain compliant after the ban.

### 2 PRODUCT KNOWLEDGE IS KEY

In today's environment, it's crucial for wholesalers to be knowledgeable about their tobacco portfolio. They should maintain regular contact with their local JTI rep to keep updated on tobacco ranges and NPD in light of the upcoming legislation.

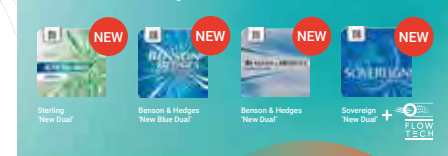

### 3 COMMUNICATION IS CRUCIAL

Existing retail customers will have questions about the ban, so make sure you know the answers. Ensure depot staff are knowledgeable so they can answer these questions with ease and confidence.

JTI's sales representatives will also be on hand to help answer any questions tobacco room staff may receive from retailers in the lead up to the 20 May deadline.

### THE 'NEW DUAL' RANGE

A new distinctive blend in a unique dual pack. Available in the following brands:

### 4 TAKE ADVANTAGE OF VALUABLE RESOURCES

For more guidance, wholesalers should visit JTI's dedicated Menthol Ban microsite ([www.jtiadvance.co.uk/mentholban2020](http://www.jtiadvance.co.uk/mentholban2020)), which contains all the essential information, as well as FAQs, and a comprehensive educational video.

### 5 AVAILABILITY AND RANGE

Finally, JTI recommends wholesalers maintain full availability and range right up until the menthol ban deadline in order to meet the needs of retailers.

A key factor for retailers when choosing where to shop for tobacco is price, and wholesalers should focus on competitive pricing to continue to maximise every sales opportunity.

### WHAT SHOULD I DO WITH LEFT OVER STOCK?

JTI will take back all menthol and capsule stock held by every wholesaler/cash & carry post the 20 May deadline. JTI representatives will contact their respective accounts to arrange for their remaining JTI menthol and capsule products to be returned to us. Please ensure that you keep the JTI menthol and capsule brands separate from other stock.

### ANY QUESTIONS?

Scan the code with your smartphone camera to access [jtiadvance.co.uk/mentholban2020](http://jtiadvance.co.uk/mentholban2020) or speak to your JTI sales representative.

### WHAT IS THE MENTHOL BAN?

- It's the next phase of the European Tobacco Products Directive (EUTPD2) that first came into effect in May 2016
- From 20 May 2020 all menthol and capsule cigarettes will be banned from sale
- Hand-rolling tobacco such as JTI's Sterling Hand-Rolling Tobacco is not affected by the ban, however a menthol accessory can't be sold in the same pack as hand-rolling tobacco
- Cigarillos such as Sterling Dual Capsule Leaf Wrapped, vaping products such as Logic Compact, or tobacco-free nicotine pouches such as Nordic Spirit are not affected by the ban

### WHAT ABOUT NPD?

We expect most adult smokers to stay within the cigarette category and also remain brand loyal. That's why JTI is launching the New Dual range, a distinctive tobacco blend in a unique dual pack, with two sections of ten cigarettes.

The launches include New Sterling Dual and New Benson & Hedges Blue Dual, and the distinctive blend will also be available in Sterling New SK Green, Benson & Hedges New SK Green, Berkeley New SK Green and Mayfair New Green. In addition, the new Sovereign Dual range also contains a new Flow Tech centre hole in the filter, which provides further differentiation within the market.

"Of course, others will make choices based on their preferences and may seek alternatives. JTI is determined to provide those smokers with innovative new products that meet their needs. We recently launched Sterling Dual Capsule Leaf Wrapped cigarillos, which contain a peppermint capsule that smokers can click to release a menthol flavour. "On top of that, we have extended our Logic Compact vaping range to include nine menthol flavours, and our Logic EPiQ e-liquids are available in five menthol flavours. Our Nordic Spirit tobacco-free nicotine pouches are also available in a fresh mint variant, providing yet even more choice."

"Whatever adult smokers do after the menthol ban, JTI has the alternatives covered."

## PENALTIES

**If a retailer sells menthol cigarettes on or after 20th May 2020, they are guilty of an offence and are liable:**

- On summary conviction in a magistrates' court to imprisonment for a term not exceeding three months, or a fine, or both.

OR

- On conviction on indictment in the Crown Court to imprisonment for a term not exceeding two years, a fine, or both.
